

YOU ARE SPECIAL TO US

My responsibility where my Partners are concerned is to pray for them.

My responsibility is to support them.... I've committed my life to seek God and receive revelation from God that I can preach and teach God's people including our Partners.

Our Promises to You

We will never ask you for money.

Partnership isn't a marketing strategy or a veiled attempt to raise funds. It's a joining of visions and faith to fuel your life for victory.

Partnership

We are good stewards of any gift.

As our members prosper, many of them choose to become Partners & sow into TRIMMS. We do not take these gifts for granted but seriously as we receive them, we bless them and use them to share the principles of faith with the world. We even sow 10% of every gift received into other ministries...meaning your gifts go further and reach more people than ever.

We pray for you every day!

Pastor Alberto A. Akorley and Lady BS and the entire TRIMMS staff around the world is committed to you. We pray for your prosperity, health and victory each and every day without fail.

Your information will never be shared.
